We hope that everyone has had a chance to see and enjoy the new playground equipment that was installed last month. Thanks to Baltimore County Recreation & Parks for the installation of the new and improved equipment. This is part of the County's goal to renovate over 30 playgrounds this year. Academy Heights is privileged to have this playground as part of our community, and we hope all residents take time to enjoy it.

County Redistricting

All public hearings have completed. Thanks to the many residents that shared their feedback with the commission. For the latest news updates from the Baltimore County Redistricting Commission and current maps, go to...

countycouncil.baltimorecountymd.gov/redistricting/2025-redistricting-commission/

Bulk Pickup

Baltimore County's 2nd bulk item collection is on **Thursday, July 31**. There is a limit of three bulk items per collection. Bulk items should be set out after 6pm on the night before collection.

Bike Parade

Wednesday, July 4 @ 10am

**Meet at the top of Whitfield/
Greenlow alley.**

All residents, young & old, may participate.
Will travel the alleys down to the playground.

National Night Out

Tuesday Evening, August 5

Christian Temple Church Parking Lot

Mark your calendar for this annual neighborhood event. Plan to come out and meet your neighbors and our community's first responders.

POLICE • COMMUNITY PARTNERSHIPS

The "Original" Catonsville Farmers Market

**Every Wednesday
9am - noon
Christian Temple
Parking Lot**

Local vendors and farmers offer a bounty of food including a variety of meats, eggs, fruits, and vegetables, breads & pastries, honey, flowers, wine, spices, cakes, cookies and so much more!

Parking Reminders

- If you need to park in the alleyway, be sure you are not impeding traffic, neighbors access to parking pads or the trash truck on pickup days. Also, do not park in front of others yards and impede their access.
- If leaving your car parked for extended periods, do not park in front of neighbors homes.
- Be aware of spacing when parking at the curb, Improper spacing reduces additional spots.
- Do not park facing the opposite way of traffic. Neighbors have received expensive fines for this.

Agendas on website. Board officers may be contacted at info@AcademyHeightsMD.org

ALL Academy Heights Homeowners and Residents need to be familiar with the Covenant of Restrictions. If anyone has any questions or concerns prior to making changes or updates to their property, please email us. We want to make sure that all properties abide by the Covenants. Please keep these Covenants available, they are also located on the AHCA website.

Academy Heights Covenant of Restrictions

The Covenant of Restrictions, a part of your deed, is an official document recorded among land records of Baltimore County. The restrictions state: "No additions or alterations of any exterior part of the property can be made until plans showing the kind, nature, shape, height, colors, materials and location of such additions or alterations be submitted and approved by the Academy Heights Civic Association Board of Governors." Homeowners are expected to maintain the exterior of their homes in good condition and make necessary repairs as needed. The Board of Governors has the right to ensure that these repairs and maintenance are performed so as to preserve good property values and the integrity of the community. The AHCA Board have adopted the following guidelines to assist homeowners with frequently requested alterations:

1. All gutters and down spouts must be of copper construction or aluminum painted white or brown.
2. All windows, except basement windows, must have a grille pattern matching the original windows, dividing the window into 12 equal sections; smaller windows in side bays divided into 4 equal sections. Glass block may be used for basement windows.
3. All exterior trim and doors MUST be white and of original design. Any glass in exterior entry doors must be clear glass. Rear-facing basement entry doors may be of original design or may be replaced with a solid, six (6) panel door for increased security, if desired. Trim and doors must be free from peeling paint and no bare wood may be visible. If trim is to be covered with either aluminum or vinyl, it must conform to the original design.
4. All front entranceways must have a storm door. All storm doors must be either aluminum or wood, painted white, and at least half of the construction open for glass or screen.
5. Decks & Porches: A drawing of the deck/porch, showing dimensions, position and materials should be submitted with the application. Applicants must confirm with Baltimore County if a building or related permit is required, and if so required, secure the appropriate permit. Permits are generally required for deck construction. Committee will verify construction onsite upon completion. Front Porches and steps must be of original design and constructed of concrete. Front porch railings must be forest green or black. (wrought iron only). Rear porches/decks are allowed only in the rear area of the house and may be constructed of steel, concrete, wood, or composite wood materials. Wood or composite decking material must be natural wood color (or stained a natural wood color). Composite railings may be white or black; wood railings may be stained a natural wood color. Steel decks and steel railings must be painted forest green or black. Alternate building materials are subject to approval by the Architectural Committee on a case-by-case basis. Structures may not be wider than the width of the home, less 6" from the side property lines (when adjoining an inside-of-group home). Structures may extend up to 12 feet from the home's rear wall. An additional parallel stair landing cannot extend either side of the structure beyond 16' from the rear wall.
6. Mailboxes must be black, green or brass. If black or brass, they attach to the brick in front of the home just below the house numbers or if green to the side of the porch railing if it is green.
7. House numbers must be black or brass, placed on a solid white base and attached to the brick in front of the home just below the porch light.
8. Front porch lights must be black or brass.
9. Awnings on front and side of the property, must be seasonal of canvas or cloth only. Forest green color only with edge trimmed in white or green. The awnings must be removed for the winter season. The supports and poles may remain standing through the year. Awnings on rear of property, may be of any variety or type desired by the homeowner, but they must not be visible from the front of the home or extend beyond the house line. If canvas, green or brick in color; if metal, green or white.
10. Approved roofing materials for houses, bay windows & garages are: Natural Slate 12" (Black or Gray only), EcoStar Majestic Synthetic Slate 12" (Federal Gray only), or CertainTeed Grand Manor Shingle (Colonial Slate only). Flashing, divider and rim of roofing must be Natural Copper that will patina, or Black Aluminum. Synthetic copper-look material is not permitted. A Change Application is required prior to any roofing replacement and shall include materials' manufacturer, style and color.
11. Fences may be constructed only in the rear of property or side yard of end unit properties and must not extend beyond the chimney at the end of group homes. The fence must be chain link or picket style. Fences may not exceed a height of 48". Chain link fence color must be forest green, silver, or galvanized steel. Picket fences may be painted or treated with a protective stain with the color subject to Board approval. Picket fences must have 1/2" min. spacing.
A privacy fence may be installed from the rear wall of the house along the property line up to 1/3 length of the yard, but no more than 16 feet long. The fence may be not more than 6 feet tall and cannot be solid panels; there may be pickets (1/2" min. spacing) or shadowbox construction. Privacy fences must be built as self-supporting structures, with posts anchored into the ground. All materials and design must receive Board approval.
12. Storage sheds and any exterior structure must be in the rear of the property only. Structures must not exceed 9'5" in peak height AND must not exceed 80 square feet AND 8'x10' dimension. All materials and design must receive Board approval.
13. Swimming pools must be temporary in the rear of the property and removed in the fall and winter seasons.
14. All masonry foundations must be painted white, gray or sandstone.
15. Attic vents must be in the rear of the house, not visible from the front of the home and painted brown or black.
16. The use of DBS, MMDS and TVBS satellite dishes is acceptable. Dishes may not exceed 30 inches in diameter. Approval for installation, including location, must be received from the Architectural Committee 30 days prior to installation. Refer to satellite dish installation guidelines.

When planning an improvement or change to your property, you MUST SUBMIT a plan of your project to the ARCHITECTURAL COMMITTEE 30 DAYS BEFORE you begin work. The burden is on the homeowner, not the Board of Governors. The Architectural Committee will review the application and issue a letter of approval or denial as the application may warrant. Restriction violations may be reported by any resident to the Board of Governors or any member of the Architectural Committee. Report violations promptly. The neighborhood will benefit from the elimination of an unsightly or dangerous condition and the homeowner may be spared a costly removal if warned in time. Enforcement is handled by the AHCA, who will investigate the complaint and, if necessary, send a violation notice. The homeowner is given 60 days to correct the violation. If not corrected in this time frame, the Association's attorney will begin legal action. The violating homeowner will be responsible for any and all legal fees incurred by the Association to correct the violation.

This list is NOT exhaustive.

Approved by Academy Heights' Board of Governor's vote; May 7, 2024; Retyped May 8, 2024
